

We implore you to make the extra effort to seek the answers to the questions raised in this "summary." We are sure your vast collective years of experience can lead you in other fruitful areas, as well.

Please advise if either of the Victim Advocacy Units in the Prosecutor's Office will be responding to our requests of December 15<sup>th</sup> to advocate on Joyce's behalf.

In closing, we respectfully request that we be given an opportunity to have appropriate medical personnel chosen by us review the Middlesex County's Medical Examiner's final report prior to the release of Joyce for cremation.

Respectfully,

*WHA for*
